

Use the pre-design paper at the back page and note the indicated orientations.

1. Start with half an A4 or any $1 \times \sqrt{2}$ proportions.

2. Precrease. Turn over.

3. Precrease diagonally.

4. Precrease (Mountain fold and unfold).

5. Collapse to waterbomb bases on each side.

6. Swing a flap.

7. Valley.

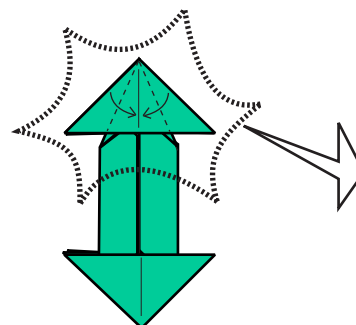

8. Valley fold along angle bisectors.

9. Swing back.

10. Repeat steps 6-9 on the other side.

11. Valley along angle bisectors.

12. Enlargement. Precrease two flaps.

13. Valley to existing crease.

14. Precrease.

15. Unfold back to step 13.

16. With creases installed, sink sides and reverse bottom corners inside.

17. Completed section.

18. Full view. Turn over.

19. Valley. The fold aligns with line H.

20. Valley.

21. Mountain behind.

22. Precrease.

23. Undo pleated section.

24. Mountain behind. The crease connects at the intersection. Next drawing is larger.

25. Valley while flipping over some material to the top.

26. Swivel to the centre.

27. Valley.

28. Re-do the pleat.

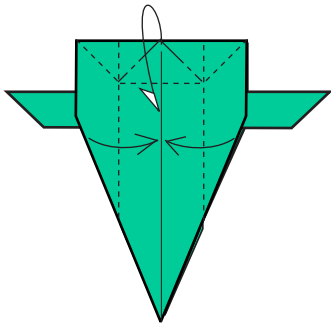

29. Mountain behind.
Next drawing is larger.

30. Insert the flaps into the pockets under
the triangle. (See the explosion?!)

31. Turn over.

32. Valley to centre
while petal folding
the top section.

33. Turn over.

34. Completed jet plane.

Transforming jet plane to battle tank.

35. Start with the jet
plane. Valley the
wings up.

36. Undo mountain
and petal folds.

37. Detach flaps
from the pocket.
(from step 30)

38. Mountain fold back
noting that it is parallel
to the crease on the
detach flaps. The flaps
swing along when the
fold is executed.

39. Mountain fold
triangle inside.

40. Valley tank
grid wheels at
a 90° position.
Turn over.

41. Slide turret up.

42. Fold turret panels up.

43. Completed battle tank.

Transforming battle tank to robot.

44. Start with the battle tank. Fold down turret panels and slide down turret.

45. Undo upright folds from step 40.

46. Swing forth hidden material.

47. Fold back the hidden triangle

48. Slit point inside.

49. Mountain fold sides.

50. Undo fold.

51. Rabbit ear to form hands.

52. Fold feet upright and valley fold to reveal face.

53. Completed Kriegflugel awaiting for battle.

Note: To change back, reverse the order of these instructions.
Attempt to transform the robot to a jet plane.
