=====

Other Pocket Realm Notes

Combine all your pocket-realms:

- >Inner World (Exalted: Infernals)
- >Dimension Lord (DC Occult)
- >Hell Lord (Marvel Magic)
- >Slice of Heaven (New Gods/Fourth World)
- >Pocket World + Genius Loci + Avatar (Generic Creepypasta)
- >Reality Marble (Fate)
- >Power Combinations (Young Justice)

Strengthen your powers while in the realm:

- >Place of Power (Masters of Magic)
- >Territory Creation EX (Fate)

Bring your realm out/use your abilities outside your realm:

- >I Am The Fortress (Masters of Magic)
- >Reality Marble (Fate)
- >Border of Impossibility (Exalted: Infernals)

For extra cheese, mold your realm after the Warp/astral plane and the use:

- >Dream Demon (Gravity Falls)
- >Psyker Perks (Warhammer)
- >Ghost + Primordial (Justice League Dark)
- >Malleable Reality (A Certain Scientific Railgun)
- >Lunar/Infernals shaping techniques/graces (Exalted)
- >Psychonauts perks for extra-psyker

Strengthen your power in your territory:

- >Head Bitch in Charge (F/SN)
- >Fisher King (Merlin BBC and Arthur King)
- >This is my swamp (Shrek)

These three are tricky, mostly because you have a limited radius of influence. Although this limitation can also be overcome by fucking with space enough.

- >Chinjugami (Mononokehime)
- >Yorishiro (Chihiro)

More realm perks/bringing people into your realm:

- >Ouroboros perk tree from Siren: Blood Curse.

You might also have your companions populating through your dimension by making The House of Mystery (Justice League Dark) the heart of your realm.

Settings with powers, magic, or technology for accessing existing pocket dimensions and alternate universes
